

## LS603JS FEATURES

- One horizontal line and one vertical line forming a cross
- One straight line projected up and a plumb down beam - the vertical line and the up line form a cross on the ceiling which is aligned with the plumb down beam
- Plumb down beam can be adjusted for positioning over a central mark
- Rotating 360° Base with fine motion adjustment
- Tripod mounted or stand alone on the mini tripod supplied
- Heavy duty magnetically dampened compensator for fast self leveling
- Out of level indicator - laser flashes and audible alarm
- Dustproof, Shower Proof and Anti Shock.

## LS603JS SPECIFICATIONS

Precision	" +/- 2mm / 10m
Self Leveling Range	" +/- 3.0°
Operation Range	15m-20m Ø (light conditions dependent)
Working Temperature	" -10°C to +40°C
Laser Diode	Class II 635nm
Power	3 x AA Alkaline Batteries
Low Power Indication	Flashing power lamp
Battery Life	Two Lasers - 24 hours Three Lasers - 16 hours All Lasers - 8 hours
Sector Angle	130°
Warranty	One Year

## LS612 FEATURES

- Projects one laser cross (horizontal and vertical laser lines)
- Fast self leveling magnetic damping compensator
- Laser flashes and alarm sounds when out of leveling range
- Magnetic Multi function mount can be wall hung, or tripod mounted
- Laser pendulum locking when not in use
- Easy calibration
- One year warranty

## LS612 SPECIFICATIONS

Precision	" +/- 3mm / 20m
Working Range	" +/- 6° Forward to backward " +/- 3° Side to Side
Damping System	Magnetic
Operating Range	20m Ø
Working Temperature	" -10°C to +45°C
Laser Diode	Class II 635nm
Power	3 x AA Alkaline Batteries
Kit Weight	1.4kg
Battery Life	48 hours
Carry Case	Padded
Warranty	One Year

## LS603JS MULTI LINER LASER

This self leveling cross line laser is a revolution in internal set out lasers.

The universal set out tool projects 3 super long laser beams and one laser point simultaneously.

The extensive functions of this laser provide convenience and productivity for all your interior and exterior set out applications at an economical price.

## LS612 SELF LEVELING POCKET CROSSLINER LASER

This versatile laser uses two visible diodes to project a horizontal and vertical laser reference line in a cross pattern.

The laser has a gravity design pendulum system which self levels instantly and automatically. No leveling bubble are required, just turn it on and go to work.

With its easy operation, this versatile tool provides greater efficiency and accuracy to all interior setout jobs.

Ideal for tiling, carpentry, shopfitting, kitchen installation and much more.

### KIT INCLUDES

- LS6012 Laser
- LS307-2 Magnetic Target
- Padded Carry Case
